

Digital HeadQuarters DHQ 5.0

Revolutionizing Police Work for the 21st century

DHQ 5.0 Flagship Modules

AREA WIDE ALERT

- AWA info is updated in real time
- **Allows ease of collaboration within and between local agencies**
- Capture video within the app, attach it, export it to create alert
- Color Coded: Blue = Area Alert; White = Local
- Comments can be added/updated from different agencies
- Sort data by dept name, title, data modified, information type
- Choose departments to share with

DIGITAL ROLL CALL

- Present, distribute and recall Roll Call information ONLINE
- Easy access via any phone, laptop, or tablet.
- Attach & search any file
- Pair with an optional video projector or large screen for meetings
- See everything in one screen
- Each Roll Call item becomes a dynamic two-way communication tool right in the cruisers.

SAFEWATCH: This powerful tool helps keep at-risk residents safe.

- Proactively register individuals within the SafeWatch app
- Key information is securely stored electronically: photo, name, etc.
- Saves critical time: Simply "Click" to export info to Roll Call/AWA
- Instantly sends out a notification to police agencies
