

Revolutionizing Police Work for the 21st century

DHQ's Digital Crime Bulletins

Easily search all unformatted text by keyword or phase to return all related results.

- Digitally Catalog ALL incoming crime bulletins including: BOLOs, crime bulletins, radio room information, PDFs
- All information becomes searchable via image keyword
 - Searching for “Knife fight” will return a list of all documents/PDFs containing those words

Benefits:

- ★ Eliminate risk of pertinent information being “lost” or “never seen” in email inboxes or file drawers
- ★ Powerful search capability will return results with context in any document
- ★ Get results instantly, on demand; All results are available in seconds on any device – without leaving your desk, car, or location
- ★ Creates a searchable document library = No more digging through email boxes, filing cabinets, notebooks or on shelves
- ★ Results in better policing with all digitized information easily accessible
